School of Architecture, Planning & Geomatics

Faculty of Engineering & the Built Environment Senior Technical Officer

Division of Geomatics

The Geomatics Division is seeking to appoint a dynamic and motivated technical officer to join their team in support of Geo-Information Science, Information Technology and Surveying requirements.

Minimum Requirements: • National Diploma in Geomatics/Surveying or equivalent, with a strong interest in the technical aspects of the Geo-Information Sciences (GIS, Photogrammetry and Remote Sensing) • relevant work experience • a valid South African driver's licence • well-developed and professional interpersonal and communication skills • effective time-management skills and the ability to organise, prioritise and multi-task • a high level of computer skills (computer server/systems administration, programming, word processing, spreadsheets) • good organisational skills and the ability to work independently • high level of proficiency in Geo-Information Science software (ArcGIS, ENVI, ERDAS or similar).

The annual remuneration package, including benefits for 2011, is negotiable between R220 907 and R259 864. Relevant qualifications and experience will be taken into account in determining the package.

Closing date: 25 September 2011

Ref: SR170/11
