

PARTNER WITH THE CSI TO DELIVER THE INTEGRATED GEOSPATIAL INFORMATION FRAMEWORK

Come join us build a strong well and coordinated private sector constituent.

The CSI is inviting private sector organisations to participate in the development and implementation of the South African Integrated Geospatial Information Framework

There is no charge to attend this workshop, but only open to private sector organisations who capture, maintain, integrate, distribute, or use geospatial information. Due to limited space, only one entry ticket per private sector organisation will be issued.

When?

Tuesday, 16 August 2023

Time: 12:30 – 14:30 CAT
