

January 24, 2008

Dear Potential Exhibitor and Sponsor.

INVITATION TO EXHIBIT OR SPONSOR FOSS4G

The 2008 International Free and Open Source Software for Geospatial (FOSS4G) Conference will take place in Cape Town, South Africa, from 29 September – 3 October 2008. The theme of the conference is “**Open Source Geospatial: An Option for Developing Nations**”. A strong focus of the conference will be to debate the role of Open Source software for developing nations, and the participation of exhibitors from across the Geospatial community will ensure healthy discussion. For more information, please visit our website www.foss4g2008.org

The Local Organising Committee invites you to exhibit at the Technical exhibition hall of the Conference, where all teas/coffees, lunches and the exhibitors cocktail party will be served. The exhibition area will be open to delegates from 12H30 on Monday 29th to 14H00 on Thursday 2nd October 2008. Setup in the hall will be from Monday morning 29th September 2008 and breakdown will be after 14H00 on Thursday 2nd October 2008.

Approximately 800 delegates are expected from around the world, and exhibiting is an excellent opportunity to interact with local, regional and international clients. Open Source has been given a legal mandate by the South African Parliament, and the policy on Open Source has been approved by the National Cabinet.

The following options are available and adjacent stands can be purchased to increase the booth size:

Commercial Exhibitors

Booth size (3mX3m) Early i.e. payment before June 30, 2008 R17 500
