

## **International Cartographic Association**

### **General Guidelines for the Endorsement of Conferences**

- Cartography or Geographical Information Science has to be a core item of the conference.
- The attendance to the conference must be international.
- Any member nation of ICA may send attendees.
- A member of the Executive Committee or a chairperson of a commission or working group appointed by the Executive Committee may participate in the Programme Committee of the conference.
- An ICA address is given at the opening by an Executive Committee member, an ICA commission or working group chairperson or an official of the national member organisation of ICA.
- ICA recommends that the conference proceedings are published, with the ICA logo on the front cover.
- The conference is reported on in the ICA Newsletter by its organising committee.

Endorsement of a conference does not necessarily imply ICA financial support.
