

KENYA AGRICULTURAL AND LIVESTOCK RESEARCH ORGANIZATION

Webinar

Invitation to Launch KALRO Digital Platforms

By: Cabinet Secretary, Ministry of Agriculture, Livestock, Fisheries and Cooperatives

Hon. Peter G. Munya, (MGH)

26 June 2020 (3:00 pm to 4:00 pm EAT)

Kenya Agriculture Observatory Platform (KAOP) is an integrated online platform that uses geo-data from satellites to generate real-time and location specific agro-meteorological advisories for farmers and other stakeholders.

KALRO Farmer Mobile Applications; KALRO has developed 50 mobile applications for farmers to promote crop and livestock production.
