

CURRECULUM VITAE

LOURENCE NTSOANE

Personal & Contact Details

Cell	078 760 6117
Email	butaza@yahoo.com
Address	Elandskraal P.O 4022 0450
ID Number	8504285649086
Nationality	South African
Gender	Male
Marital Status	Single

Career Objective

To gain a challenging entry-level in Engineering Survey that will utilizes my analytical and surveying skills.

Education

High school 2004	Lapelled Secondary School Metric English (HG).....C Afrikaans (HG).....E Sepedi (HG).....C Mathematics (HG).....D Physical Science (HG).....C Geography (HG).....D Biology (SG).....A
Tertiary 2005 - 2008 Present level	University of the Witwatersrand BSc (Geology and Mathematics) Geology III and Mathematics II
Tertiary 2012 -2014 Completed	Tshwane University of Technology ND Surveying S4
Institution Completed	Height Wise (Training Academy) Level1 (Rope Technician)

Skills

- Attaining objectives through teamwork processes
- Computer –Mastery of Microsoft Office, ArcGIS,Q-GIS and Superq.
- Survey project management (all of this where done as mock projects)
 - i. Levelling using a level and also calculations using rise and fall method or height of instrument method, this was done for mock rail line constriction and also levelled a five hundred meters (500m) cross section. I have also levelled

mock road that is levelling the road cross sections and the drainage system and levelling of platforms for building constructions.

- ii. I have used a total station, electronic theodolite and a traditional theodolite to do traverse and also have used a total station to do spot shorts to draw contours. I have used total station to do resections and intersections.
- iii. I have mastered all engineering calculation e.g. traverse, Road contraction, Curves and more.

Employment

Exclusive Books (03/03/2007-20/12/2010) - Bookseller, merchandiser, customer care and a cashier.

Geo-Maths Library (17/02/2006 – 20/12/2007) - Merchandiser, Check in and out books.

Special Achievements

- Football team captain (High School)
- Debating team Member (High School)
- Best Biology Student in my District (High School)

Interests

- **Sport:** Football, Cricket, Rugby. I believe that participation in sport develops strength in the area of leadership, character, conflict management and physical health.
- **Reading:** I believe it is informative and exposes one to the rich diversity of the world.
