

Northern BC GIS User's Group

Open Source Panel Discussion: *GIS for a changing world*

June 2nd 5 pm
University of Northern British Columbia Room 7-212

Come and join the Northern BC GIS Users Group for a panel discussion on open source technology in GIS. We will be talking about the business models, the technology, the users and the applications.

This is the first time an event like this has been held in Canada. Hopefully we won't need to call the paramedics...

GIS for a changing world.

We will have three panelists:

Tyler Mitchell:	Executive Director, Open Source Geospatial Foundation
Chris North:	Director of Technology, ESRI Canada
Steve Botham:	Manager of IT, Regional District Fraser - Fort George

The agenda will be:

5:00 pm	Gather at room 7-212 for pizza
5:10 pm	OS briefing, "what's all the fuss about?", Scott Emmons
5:30 pm	Discussion begins
7:00 pm	Door prizes
7:05 pm	Retire to "The Thirsty Moose", to finish off what was started...
